PROFILE

Driven individual with a strong will to continuously improve skills. Fast learner and very adaptable. Ready to overcome any obstacle . Works great as part of a team or independently.

EDUCATION

CommonWealth Coders - *Web Development*

August 2021 - December 2021, Kentucky

Full stack web development boot camp. Course designed to prepare applicants for a junior developer role.

Self Taught

Have worked independently teaching myself various skills such as routing, and switching, and Python. Also basic concepts of object oriented programming, functions, and the logic involved to accomplish specific tasks fascinates me.
